

Childhood Care and Education Coordinating Council

The CCECC organizational chart shows the committees involved in guiding the development and implementation of the state Child Care and Development Fund plan: Professional Development, Supply, Health Links, Inclusive Child Care, Tax Credit Advisory, Child Care Research Partnership, Family/Friends/Neighbors, and Department of Human Services Advisory. Additionally, some of these committees implement quality activities with tax credits, federal stimulus (ARRA), and other funds included within this infrastructure. The Council is the clearinghouse for all child care system partners to hear and provide input to decisions made at the committee level. Several of these committees have sub-committees that work on specific strategies, activities, and tasks within the committees workplans.
